

# Modern English School Cairo Art Exhibition 2020/2021

Dear MES Cairo Community,

“The chief enemy of creativity is good sense” said Pablo Picasso over a century ago. Had he been alive now, amidst times of such relative uncertainty and non-sense he would have been a very happy man, and perhaps even more creative!

Certainly, many of our students have found self-expression through artistic, design and musical pursuits to be necessary indulgences during these challenging times. We are extremely proud to showcase the creativity of many in our virtual MES Cairo 2021 Art and Design exhibition.

Our exhibition takes a different format this year, a virtual gallery of some incredible art and design, including pieces that won recognition in international competition, top grades in external assessment and pride of place on the walls of our families homes. We feature the work of beloved colleagues who hold an important place in our schools’ 30 year history. In very many ways, our virtual exhibition represents its theme.

Please enjoy a virtual tour of MES Cairo student and wider community art and design via the following website link: <https://sites.google.com/mescairo.com/modernenglishschoolcairo>
